Instructions:

1. Cut the runner pieces according to the pattern.
2. Cut the Warm and Natural according to the back lining pattern piece.
3. Iron two layers of No-Show Mesh Fusible stabilizer to the wrong side of the runner fabric where the embroidery will be placed. Make sure the stabilizer piece is a few inches larger on than the embroidery design.
4. Place a mark on each end of the fabric for placement of the center of the design. Make sure the marks are the same on each end.
5. Hoop a piece of tear-away stabilizer and spray with temporary spray adhesive.
6. Position the fabric to the stabilizer, aligning the center mark on the fabric with the hoop alignment marks.
7. On the Ellegante select the “embroidery edit” option. Then select the “Exclusive” designs key.
8. Select the Nancy Zieman key and select design #29 the large ornament wreath. Set the design and end editing.

9. Use the arrow keys and trial function to position the needle to drop in the center placement mark on your fabric.
10. Embroider the design using the recommended colors or your choice of embroidery thread colors.
11. When the embroidery is complete, remove the material from the hoop and repeat the process for the other end of the runner.
12. Next, mark the center of the runner for design placement.

13. On the Ellegante select the embroidery edit option. Then select the Exclusive designs key.
14. Select the Nancy Zieman key and select design #32 the single ornament. Set the design. Using the arrow keys, move the design down from the center position then select end.

15. Select the same design and set it, using the rotate key turn the design upside down. Then using the arrow keys, move it up from the center position and end.
16. Select the design two more times. Rotate one for the left side and one for the right side. Evenly adjust the spacing of the four ornaments to form the center design, then end editing.
17. Embroider the design using the recommended colors or your choice of embroidery thread colors.
18. Cut 1-1/2" strips from the plaid fabric on the bias for the cording.
19. Cover the cording with the strips using the zipper foot.
20. Attach the cording to the runner according to pattern directions.
21. Cut the borders, placing the pattern piece on the bias. Construct the plaid borders according to the pattern instructions.
22. Layer the Warm and Natural with the backing right side up and the front piece wrong side up.
23. Stitch around runner, inserting the tassel in the between the front piece and back piece. Remember to leave an opening about 4-5" or 5 to turn the runner.
24. Turn and press, making sure the points turn well. Hand stitch the opening closed. Your table runner is now complete; enjoy it!
